## TomCat 6.2 Model SC

Our "sport cruising" model with all you need for overnight, a weekend or longer includes all of the TC and XL options plus:

- Folding mahogany dining table (clips on CB trunk), with vinyl cover.
- Foldaway head with pumpout fittings and privacy curtain.
- Extra cushions to make double bed (uses table leaves). Other seat makes a single.
- Rear camper top zips onto Bimini for full sitting headroom, zip-out window side panels, rear screen/window panel.

TomCat 6.2 Model SC Price.....\$44,580.00

## Other Options

### Sail Options

Genoa - larger headsail (100 sq. ft.) for use on all points of sail in winds up to 15Kts. Zipper luff for sail changing, UV protective leech panel, sheets and Harken

Ratchet sheet blocks .....\$1,495.00

Spinnaker - Asymmetric reaching/running sail (200 sq. ft.) of 3/4 oz. dacron for use in lighter winds. Starburst color pattern. Bridle control, blocks and cleats for tack

positioning (no pole required), Harken Ratchet sheet blocks, masthead block and halyard.....\$1,795.00

Screecher - Large light wind headsail (200 sq. ft.) with bowsprit for use on all points

of sail. Separate roller furling gear, UV protection and ratchet block sheet points.....\$2,395.00

### Equipment and Safety

Docking and anchoring kit including 12 lb. Danforth style anchor with chain and 100 ft. nylon rode, three mooring lines, three dock fenders. Complete Coast Guard

requirements including six Life Jackets, flares, signalling devices .....\$595.00

Trailer

Custom designed heavy gauge galvanized steel, 3000 lb. capacity. Complete with bridgedeck lifting arms, hull racks and winch for TomCat assembly and disassembly for highway trailering. Ratchet tie-down straps..... \$3,995.00

Engine

Standard is Yamaha 9.9 Hi-Thrust 4-stroke long shaft outboard. This motor is light, quiet, non-polluting and has the low end gear ratio and large prop diameter for good performance driving a TomCat at 8 - 10 Kts. It is available as a remote for wheel steering (throttle, shift and key ignition at the helm postion) or as a tiller model for boat tiller steering. Installed, with rudder connector pin..... \$4,995.00

Miscellaneous

Anchor light - all-round white masthead light..... \$100.00  
Steaming light - 225 Deg. white on mast (not required on a boat this size)..... \$100.00  
Bottom Paint - Micron Multiseason antifouling, with factory dewax, sand and paint..... \$1,295.00

Delivery

Cost is \$2.00 per mile (\$1000.00 per travelling day) from Buffalo, New York to the launch location. Cost includes delivery on trailer, assembly, launch and test sail.

Prices include border crossing costs and are FOB point of entry at Buffalo, New York. Prices are for our standard purchase agreement contract which includes:

- 30% deposit - holds a place in our production schedule,
- 60% molding payment - when we are ready to mold your boat (6 wks prior to delivery),
- 10% on delivery and acceptance.
